RE: Recall Announcement (ODA/ODH) 2019-005

ODH Note (1/11/2019): The text below from the original recall document issued by USDA on December 10, 2018 did not indicate the product was distributed in Ohio or neighboring states. A January 10, 2019 update from USDA included a list of retail locations indicating the recalled product was distributed in Ohio, Michigan, and Pennsylvania. The recall is now being distributed by ODH with applicable lists of retail locations in Ohio and neighboring states.

CTI Foods LLC, Recalls Ready-To-Eat Pork and Poultry Sausage Products due to Possible Foreign Matter Contamination

WASHINGTON, Dec. 10, 2018 – CTI Foods LLC, an Owingsville, Ky. establishment, is recalling approximately 29,028 pounds of frozen, ready-to-eat (RTE) pork and poultry sausage links products that may be contaminated with extraneous materials, specifically pieces of metal, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today.

The frozen, ready-to-eat sausage links items were produced and packaged on Aug. 4, 2018. The following products are subject to recall: [[View Label](#) (PDF Only)]

- 23.4-oz. pouches of “Jimmy Dean HEAT ‘n SERVE Original SAUSAGE LINKS Made with Pork & Turkey” with a Use By date of Jan. 31, 19. The product bears case code A6382168, with a time stamp range of 11:58 through 01:49.

The products subject to recall bear establishment number “EST. 19085” on the back of the product packaging. These items were shipped to an establishment in Tennessee where the product was further distributed to retail stores.

The problem was discovered on Dec. 10, 2018, when FSIS received notification that the establishment had received five consumer complaints of metal pieces in the RTE sausage links.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS is concerned that some product may be in consumers’ freezers. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers. When available, the retail distribution list(s) will be posted on the FSIS website at www.fsis.usda.gov/recalls.

Consumers with questions about the recall can contact the Jimmy Dean customer service line at (855) 382-3101. Members of the media with questions about the recall can contact Worth Sparkman, senior manager for communication, at (479) 290-6358.

RETAIL CONSIGNEES FOR FSIS RECALL 120-2018

FSIS has reason to believe that the following retail location(s) received frozen, ready-to-eat (RTE) pork and poultry sausage links products that have been recalled by CTI Foods LLC. This list may not include all retail locations that have received the recalled product or may include retail locations that did not actually receive the recalled product. Therefore, it is important that you use the product-specific identification information, available at <https://www.fsis.usda.gov/wps/portal/fsis/topics/recalls-and-public-health-alerts/recall-case-archive/archive/2018/recall-120-2018-release>, in addition to this list of retail stores, to check meat or poultry products in your possession to see if they have been recalled.
