These items were shipped to distributor in Chicago, Ill. and to other locations nationwide.

The problem was discovered while FSIS was performing a recall effectiveness and product disposition check for [FSIS recall 004-2019](#).

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about a reaction should contact a healthcare provider.

FSIS is concerned that some product may be in consumers' freezers. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers. When available, the retail distribution list(s) will be posted on the FSIS website at www.fsis.usda.gov/recalls.

Consumers and members of the media with questions about the recall can contact Fanny Chen, Owner, TV Food LLC., at (510) 878-7906.
