Flour is an ingredient that comes from milling wheat, something grown outdoors that carries with it risks of bacteria which are rendered harmless by baking, frying or boiling. Consumers are reminded to wash their hands, work surfaces, and utensils thoroughly after contact with raw dough products or flour, and to never eat raw dough or batter. For more information about risks of consuming raw dough, refer to the following: <https://www.cdc.gov/features/no-raw-dough/index.html>.

ALDI sincerely regrets any inconvenience and concern this recall may cause.
